BITTINGERS MAN KILLED BY TRAIN

**Robert Anderson, Employee of Bit-
tingers Lime Company, Meets
Death in Front of Baltimore &
Ohio Train at Cumberland.**

Robert Anderson, who had been an employee at the plant of the Bittingers Lime Company, Bittingers, was struck by a Baltimore and Ohio express at Cumberland on Tuesday and killed.

There was some uncertainty as to his identity until a letter signed with his name and addressed to Harry Devine, R. D. No. 2, Hanover, Pa., was found on his person. Mr. Anderson is described as about thirty five years old and weighing 120 pounds.

He had been employed by the Bittingers Lime Company at Bittingers Station during the summer months, for several years. Anderson claimed Baltimore as his home, where he worked at oyster-dredging during the winter months, and for the Bittingers Lime Company during the summer. He, with a number of other men, left Bittingers Station shortly before Christmas.

We are unable to learn whether Anderson has any relatives living.

COUNTY ORCHARD NEWS

State Orchard Inspector Ernest F. Pierce is at present engaged in visiting the numerous supervision orchards around Brysonia. It will require his services about four weeks in that vicinity.

He spends a day with each member on the supervision list which contains the following names:

George Fohl, Willis Hoffman, R. H. Lupp, Orie Heckenluber, Elias Hoffman, Reuben Lower, George McCauslin, Solomon Taylor, Ira Pitzer, George Culp, A. J. Kane, R. W. Taylor, Alvis Minter, David Orner, Abraham McCauslin, John Cluck, Joseph Cooley, H. W. Taylor, Ira P. Taylor, Oliver Knouse, Calvin Hoffman, Harry Smith, all of Biglerville R. D. 2.

The state has been holding public demonstrations in the orchard of R. H. Lupp under the supervision of Prof. H. A. Surface. It is proposed to discontinue the public meetings at Mr. Lupp's as nearly all of his neighbors are on the supervision list and will have an expert on their premises twice each year to assist and give advice on planting, cultivating, fertilizing, spraying, pruning thinning of fruit and who will also be on the lookout for insects and fungus diseases &c.

It is proposed to hold the public meetings in the future in the orchard of George Oylor between Arendtsville and McKnightstown. The country surrounding Brysonia is well adapted to fruit. It has the soil and good root drainage, two very essential things. Every farm has its apple and peach orchard and nearly all of the farmers are planting heavy of both apple and peach.

The above named orchard owners now have over fifteen thousand fruit trees.

ORDERS HOLD ANNUAL MEETING

**Patriotic Order Sons of America
and Order of Independent Ameri-
cans Hold Annual Public Meeting
in the Court House.**

The Washington's Birthday meeting held on Wednesday evening in the Court House by the Patriotic Order Sons of America and the Order of Independent Americans was largely attended and proved to be most enjoyable.

Prof. Burgoon presided and the meeting was opened by the audience singing "Onward Christian Soldiers." Prof. C. F. Sanders offered prayer and the entertainment part of the program consisted of several selections by the college quartet; recitation "The Cherry Tree Tale," Miss Annie Oylor; solo, "The Good Old U. S. A.," Master Robert Oylor; recitation "Washington," Edna Zinzand; recitation, "Biography of Washington," Lillian Kitzmiller; vocal solo, "Mt. Vernon Tolling Bell," Mrs. R. E. Zinn.

E. E. Snyder and Rev. J. B. Baker had been announced to make the addresses of the evening but both were unable to be present and Prof. Charles F. Sanders took their places. He gave a character and historical sketch of Washington and drew lessons from his life, saying in part:

"I am glad to know that you made careful preparations for this meeting and I regret that they did not materialize as you had hoped. I have come here to speak of history and to draw lessons from the life of a great soldier, a great patriot and one of the greatest statesmen the world has ever known."

"To the credit of your organizations you see that your children are well instructed and frequently reminded of the founders of this country. No history can be kept alive unless it is kept before the growing generation."

"Washington's early environment kept him in touch with nature. There were few things to fit him for society and give him social culture, few things to bring him to the presidency of the United States and to solve the greatest questions of the time in which he lived. Many men with more advantages have failed to reach the height to which he attained. He had marked natural ability which was aided by his studies of mathematics and reading, the former being studied sufficiently to make him eligible as a surveyor and one of his first commissions was to find a path 600 miles long through the wilderness, given him by the governor of Virginia. His meeting with a commission of French diplomats early marked him as one of the state's wisest men."

"He gained his military training from a few years' service under the British Army and was shaped by fate to take charge of the Patriot Army in 1775. He knew that the war would be arduous and long, that he would have only raw troops against organized power but he took the commission with the understanding that he should receive nothing for his services except his expenses. He led the Army from 1775 to 1783 the result of which was the constitution of the United States declaring the equal rights of all men."

Various incidents in the life of Washington during the Revolutionary struggle were told of and Prof. Sanders referred especially to his conduct during the winter at Valley Forge which showed, in the face of great trial, the courage and inspiration he received from God.

"The envy and jealousy of the other generals prevented a triumphant march. It was necessary for Washington to overcome obstacle after obstacle and at the close of the war, had he spoken the word, the colonists would have crowned him king, but his nobility of spirit made him serve from principle alone."

"All eyes centered upon Washington as the one man for filling the office of president and he was prevailed to stand for a second term only after he was convinced that the welfare of his country demanded his time to guide the Ship of State. He refused a third term resolving at the end of his second term to retire to private life at Mt. Vernon."

"His last words were 'I am not afraid to go.' He was first in war, first in peace and first in the hearts of his countrymen. May we emulate the principle of self sacrifice which marked the life of the father of our country."

Y. M. C. A. GIVES MINSTREL SHOW

**Songs and Choruses Mark Enter-
tainment Given in Walter's Theatre
for Local Young Men's Christian
Association.**

The minstrel show given Wednesday evening in Walter's Theatre for the benefit of the local Y. M. C. A. drew a large but rather unresponsive audience who were entertained for several hours with the customary minstrel part, a children's number and many other songs and choruses.

Features of the evening were the big chorus of one hundred children led by Miss Gladys Raymond; the base ball chorus by William Timmins and a dozen young boys; the song by Roy E. Zinn and chorus; and the cake walk finale.

"Look out for Jimmy Valentine" was the song by the hundred children, all the little girls being dressed in white and presenting a very pretty sight. Miss Gladys Raymond sang the verses with animation and on the choruses the little tots sang with great spirit. William Timmins and the boys in the base ball chorus, in suitable costume, made a hit and received several encores. The chorus in the song "Gee Ain't I Glad I'm Home Again," by Mr. Zinn, were appropriate "rube" suits, aprons and bonnets and produced one of the best numbers on the program. The finale a black face chorus and cake walk in "gorgeous" costume was well executed and was about the best thing given.

In the minstrel part local hits were numerous. George Fissel was inter-luctor. Miss Lillie Dougherty, Miss Freda Buehler, Ernie Ziegler and Earl Stallsmith were "end men." Mrs. Bessie Timmins was pianist for the affair.

The musical numbers were opening chorus, melody by entire company; "Has Anybody Here Seen Kelly," Ernie Ziegler; "Meet me tonight in Dreamland," R. E. Zinn; "Call me up Some Rainy Afternoon," Walter Berger; "In All My Dreams I Dream of You," Miss Alda Ocker; "The Morning after the Night Before," Earl Stallsmith; "Without You," Edgar Miller; "Come after Breakfast, Bring along your Lunch and Leave before Supper Time," Earl Culp; "Come along My Mandy," entire company.

The children's chorus came between the first and second parts. The latter part of the program had the following numbers "Garden of Dreams," Mrs. R. E. Zinn; "Baseball Chorus," William Timmins and chorus; "Gee Ain't I Glad I'm Home again," R. E. Zinn and chorus; "An Irish Girl is Good Enough for Me," M. Rudisill and chorus; "When the Moon Plays Peek-a-Boo," Miss Pauline Rudisill and chorus; dance characteristic, Ernie Ziegler; "I Love to Live in Loveland with a Girl Like you," Miss Pauline Rudisill and chorus; finale.

The show will be repeated this evening.

MAY SHOOT AMERICAN AS A SPY IN MEXICO

Appeals to California Friends
to Save Him.

San Diego, Cal., Feb. 23.—One of the two insurgent spies captured by Mexican federalists and held at Tia Juana, Mex., it was learned, is Harry C. Dell, an American.

The other is a man of Mexican descent, who says he is an American citizen.

Dell has sent an appeal to influential friends in California to save him from immediate execution. Pinched with the cold, worn out from tramping in the mud and almost starved from lack of provisions, General Navarro's command of 300 federalists, consisting of infantry, cavalry and artillery, returned to Juarez from their fruitless chase after Francisco I. Madero and his insurgents. Madero slipped out before the federalists got well started, and they had their march for nothing in the cold and rain.

3 TRAIN ROBBERIES CAUGHT

Captured in Mountains by Posse After Running Fight.

Dahlone, Ga., Feb. 23.—Three of the five bandits who held up the United States fast mail on the Southern railway near White Sulphur Springs last Saturday, were captured in the mountains of Lumpkin county by Sheriff Sargent and posse.

The three men were captured after a running fight, in which many shots were exchanged, but no one was injured. They were found around camp fires in the mountains and ran when they saw the officers.

One of the men gave his name as John D. Anderson. The other two men refused to give their names, but confessed that they were members of the party that robbed the train. Over \$4000 was found on the three men, about \$5000 of the sum being foreign gold which was in the express safe. A hand-some gold watch that was in the express safe, was found on one of the men. They threw away a lot of money as they saw the men approaching. Rewards aggregating over \$2000 have been offered for their arrest.

CHICAGO CHEERS COL. ROOSEVELT

Spoke on "New Nationalism
and Democracy."

RECEIVED GREAT OVATION

His Approval of the Initiative, Referendum, Recall and Popular Election of United States Senators Received With Wild Cheering.

Chicago, Feb. 23.—Colonel Theodore Roosevelt, introduced as "our country's foremost citizen," stepped before an immense audience in the Auditorium theater and received one of the greatest ovations of his career, after which, under the auspices of the Union League club, he spoke on "Nationalism and Democracy."

The address of Mr. Roosevelt was a part of a Washington Birthday program that included a luncheon at the Union League club, a mass meeting at Orchestra hall, a visit to Hull house and a speech before a large gathering at the First Regiment armory and a banquet.

Sticks to His Principles.

In his address at the Auditorium Mr. Roosevelt put his seal of approval upon the initiative and referendum, as well as upon the principle of recall, and declared himself emphatically in favor of a change in the constitution which will permit the election of senators by popular vote. With regard to the three principles mentioned he averred that opponents of the initiative and referendum and recall are wrong and that he believed if the people of the United States would make a study of those principles in politics, he had no doubt but that they would become laws in every state in the Union. His utterances in this connection, as well as with regard to the election of senators by popular vote, were received with wild cheering.

"At the moment in New York," said the colonel, speaking of the matter of senatorial elections, "we are trying the old system and we cannot elect any senator at all. And Illinois' last experiment in electing a senator under the old system was not perhaps wholly a happy one. Let's apply the same principle in the election of senators which we have applied from the beginning to congressmen, and which for nearly a century has been applied to the president. Then when we elect senators ourselves, if we don't get good ones, we are to blame."

Law Cannot Make Honest Voters.

Colonel Roosevelt explained that it must be borne in mind, however, that if such an election comes to pass, all that has been gained is the chance to do the right thing if it is in one to do it. If this is lacking, he said, no law or device of legislation can snip it. Speaking of the initiative, referendum and recall, he said:

"The folly of those who believe in, as well as of those who oppose these principles, is in treating them as ends and not as means. They may be wise or unwise, but each state has the right to try the experiment. If in practice the use of the new methods fail to give better government than the system is a failure."

United States District Attorney Wise was communicated with at his home, but he declined to make any statement whatever for publication.

BIG LANDSLIDE IN CANAL

Rock and Earth Fill Pioneer Cut Opposite Culebra.

Colon, Feb. 23.—Without warning, upsetting all theories and all estimates, 500,000 cubic yards of rock and earth slid into the Pioneer cut, just opposite the town of Culebra.

It is one of the worst slides the canal commission engineers have had to contend with, and it is worse than any previous slide from the fact that the others could be explained, even were predicted.

The latest avalanche of dirt changes canal plans materially. It makes it seem necessary that the entire prism shall be enlarged sufficiently to prevent any occurrence of the sort after the completion of the canal. There seems to be no doubt that all of Gold Hill will have to be removed, in itself a considerable undertaking. And 235,000 yards of the slide itself represents waste.

REVENUE BILLS DELAYED

Held Up Until Penrose Can Get Away From Washington.

Harrisburg, Pa., Feb. 23.—The revenue raising bills will not be presented in the legislature until after congress adjourns.

The drafts have been made and are being put into the form of bills by Francis Shunk Brown, but will be held up until Senator Penrose can be free from business in Washington.

The plan of presenting the bills next week has been given up, and meanwhile the manufacturing and other interests that will be affected will prepare for a final conference.

PRESIDENT PIERCE

SCORED AS TRAITOR

Violent Debate Over Statue in New Hampshire Legislature.

Concord, N. H., Feb. 23.—Hisses and applause were mingled in the house of representatives as Franklin Pierce, the only son of New Hampshire who ever reached the high office of president of the United States, was denounced as a "traitor to this country."

A controversy which has divided the state for more than half a century was revived on the floor of the house as a result of the report of the committee on public improvements upon a bill to appropriate \$25,000 for the erection of a statue to Pierce in the state house grounds. The majority reported against the bill, while a minority report favored it.

After a spirited debate, however, the house adopted the minority report and the bill was sent to the committee on appropriations.

When Rosecrans W. Pillsbury, who was the principal opponent of the bill, remarked: "The birthday of George Washington is a poor day upon which to propose to erect a monument to the memory of a traitor to this country," an uproar followed, in which applause and hisses were about equally divided.

Representative Richardson, of Claremont, also opposed the bill and declared "the record of Pierce is a lasting disgrace to the state of New Hampshire."

KILLING 'EM IN HAITI

Citizens Who Hold Modern Views Are In Danger of Death.

Port au Prince, Haiti, Feb. 23.—E. P. Murray, the British consul general here, has notified his government that a protest on the part of the powers is necessary to prevent the shooting of political offenders of all citizens who hold modern views.

There is a general desire among the Haitians as well as the foreign residents of Port au Prince that the United States government take immediate action to alleviate the distress in the city.

Business is paralyzed. The streets are deserted at night. The whole city is in panic, as every day men suspected of being foes of the administration are put to death. The consulates are crowded with refugees.

Lives of Greatest Americans Rejected.

London, Feb. 23.—A sub-committee of the education committee of the London county council presented a report at a meeting of that body, containing a revised list of books for the school lending libraries. Among the books struck off the list by the sub-committee were biographies of Abraham Lincoln, Benjamin Franklin and George Washington and the book "From Log Cabin to White House."

Took His Medicine.

A famous actor will never take medicine, and his medical man was often obliged to resort to stratagem to impose a dose upon him. There is a play in which the hero is sentenced to drink a cup of poison. The actor in question was playing this character one night and had given directions

to have the cup filled with port wine. But when he came to drink it what was his horror to find it contained a dose of poison. He could not throw it away, as he had to hold the goblet upside down to show his persecutors he had drained the cup dry. He never forgave his medical man, as he was proud of his skill, for he had with him a bottle of port wine.

LORIMER ACCUSES GOV. DENEEN

Drags Illinois Executive Into the Controversy.

STORY OF HIS LIFE

Tells How His Election Was Brought About and Says Governor Deneen Caused Deadlock in Illinois Legislature.

Washington, Feb. 23.—William Lorimer, of Illinois, arose in the senate and delivered a notable speech in his defense. The accused senator revealed his entire life, from his humble beginning as a bootblack and newsboy on the streets of Chicago, to his election finally to a seat in the United States senate.

In telling his story, Lorimer disclosed the secret of his career and the methods by which he has built up his powerful political organization in the city of Chicago. It was the story of the rise of a political boss, told with details that impressed every senator.

According to Senator Lorimer's story, kindness to others was the foundation upon which his political power was built. He started as a newsboy in Chicago by one of the very men who figured in his election to the United States senate. He learned early in life how much could be accomplished by doing a good deed for others, and he tried to practice that through life. He had found work for the unemployed, succored the needy, protected the persecuted Jew peddler, kept his word in politics and upon his friendships had founded an organization which had turned Chicago from the Democratic to the Republican column.

The most of this story Senator Lorimer told by way of explaining why the fifty-three Democratic votes were cast for him for United States senator in the Illinois legislature.

All the galleries were crowded and there was an unusually large attendance of senators when, following the customary reading of Washington's Farewell Address, the "blind boss" arose to answer his opponents and clear, if possible, his right to a seat in the senate of the taint of bribery.

Mr. Lorimer never reached a pitch of oratory, but he did make a bitter attack on Governor Deneen, declaring that the Illinois executive had sought to force the election of his own choice as speaker of the lower branch of the legislature by threatening to withdraw all patronage from those who would not do his bidding.

As a result, declared Mr. Lorimer, members of both parties rebelled, "crossed the party line" and elected Shurtliff as speaker. The accused senator denied that Shurtliff was his choice, declared that the speaker was in reality a "Hopkins man," and asserted that his own illness would have prevented him from engineering the organization of the house, even if he had a mind to do so.

Renewing his attack on Mr. Deneen later in his speech, Mr. Lorimer declared that the governor was the real cause of the deadlock in the legislature; that votes for Deneen at several stages of the fight were sufficient to elect Hopkins; that Lorimer's name as a candidate for senator first came up at a conference he had with Deneen, and that Deneen tried to prevent men whose pledges he had obtained to elect Lorimer from fulfilling those pledges.

Mr. Lorimer said there had been an effort to cover the case with a veil of suspicion. It had been charged that some one person with a powerful mind had organized the legislature to defeat Senator Hopkins.

Senator Lorimer then took up the list of Democrats who had voted for him for United States senator, attributing the support of most of them to personal friendship and to the favorable impression he had made on them by his advocacy of the Mississippi valley water way improvement plan.

At one point in his speech Mr. Lorimer said: "If senators believe me to be the low and vile creature the senators from New York and South Dakota say I am, then you have a plain duty starting you in the face."

The senate was somewhat startled at this statement, but not so much so as by the one that followed, as Senator Lorimer again advanced towards Senators Root and Crawford and fairly shouted: "If I can be the foul wretch you senators sought to paint me, regardless of how I came here, you should drive me from your door with the brand of infamy on my back."

The general impression about the capital is that Mr. Lorimer and his friends have safely pledged the votes with which to defeat the resolution that would declare his seat vacant, and that if the matter comes to a vote the result will be a Lorimer victory.

Pulls His Own Teeth.

Branchville, N. J., Feb. 23.—Counsellman Victor E. Bevans, of this place, has never had a dentist, declaring that when a tooth troubles him he pulls it himself. He surprised friends the other day by borrowing a pair of pliers and drawing two teeth that had begun to ache. "Every man his own dentist," is my motto," he explained.

Offers Compromise Bill to Save House of Lords.

PEERS PLAN COMPROMISE

Lord Lansdowne Will Offer Amendment to Constitution.

London, Feb. 23.—Lord Lansdowne, leader of the opposition in the upper chamber, announced his intention to introduce a bill to amend the constitution of the house of lords.

This is regarded as the Unionist answer to the government's veto bill introduced in the house of commons.

The house of commons passed on its first reading the lords' veto bill by exactly the government's official majority—124—all absentees being paired. There was tremendous cheering from the coalitionists as Premier Asquith went to the table to bring in the bill, the members standing in their places waving hats, handkerchiefs and papers.

CANADA AGAINST ANNEXATION BY U. S.

Parliament Declares Unanimously Against Union.

Ottawa, Ont., Feb. 23.—The Canadian parliament unanimously declared its sentiment to be that the proposed reciprocity agreement with the United States shall not lead to annexation.

The declaration was made through the adoption of a resolution offered by F. D. Monk, the conservative French leader from Quebec. Mr. Monk said that because of many assertions in the United States and Great Britain that reciprocity eventually meant annexation, an authoritative denial should be given to such a report, and he offered a motion to that effect.

Sir Wilfrid Laurier, the government leader, said that Canada was not to be driven from a good bargain by a false scare about annexation and that the proposed agreement would never result in Canada's severing connections with Great Britain. On behalf of the government and its supporters, he accepted Mr. Monk's motion.

MURDERER COLLAPSES

Carpenters' Hammers Too Much For Slayer of Wife.

Erie, Pa., Feb. 23.—Alton V. Hoover, of Atlantic, Pa., son of a wealthy physician, who is to be hanged here for the murder of his wife, collapsed from hearing the hammers of the carpenters who are building the wooden scaffold.

Hoover was removed to another cell, but finally was taken to the jail hospital in a highly nervous condition. If he does not recover he will be carried to the scaffold.

25 MEN ADRIFT ON ICE

Were Caught on Floe in Mississippi River When Ice Began to Move.

Lacrosse, Wis., Feb. 23.—The lives of twenty-five men were endangered when ice on which they were working in the Mississippi river suddenly began to move.

The men are on a floe several hundred yards long, but on account of the floating ice are unable to reach shore even by boats. Eighteen horses are also on the floe.

Cent Stamp For City Letters.

Washington, Feb. 23.—One cent postage for all local or city delivery letters is proposed in a bill introduced by Representative Grist, of Pennsylvania. Mr. Grist figured out that the official statistics show that the government now has a profit exceeding one and a half cents on each local delivery letter, that with one cent postage it would continue to have about three-fourths of a cent profit and that every reduction of letter postage has resulted in increased volume of mail and enlarged postal revenues.

German Census 64,896,881.

Berlin, Feb. 23.—The official census concluded in December, last shows the population of Germany to be 64,896,881. The figures in 1905 were 60,641,278. The population of Prussia, the chief state of the German empire, is 40,157,573.

CALIFORNIA RAPS JAPANESE TREATY

Resolution Warns That Trouble May Follow in State.

COOLIE LABOR IS FEARED

Legislature Requests Assurance That Immigration Laws Will Be Enforced. Treaty Ordered Favorably Reported.

Sacramento, Cal., Feb. 23.—The new Japanese treaty has thrown a scare into the legislature. A resolution in the senate calls upon President Taft to withdraw the treaty and instructs the California delegation in congress to oppose ratification.

The resolution, which was presented by Senator Caminetti, says that "the senate of the state of California, relying in good faith upon assurances from official sources given to the people of the state during the last four years that the immigration to the United States of such laborers was precluded by a 'mutual agreement' between our government and that of Japan, and that the latter nation was as anxious to retain as we to exclude them, patriotically and patiently observed calmness pending negotiations for a new treaty; that

"Whereas, Our people have been led to believe and hope that there would be no surrender of our rights in the premises; and

"Whereas, It further appears that even the protective features relating to immigration matters of the present treaty with Japan are omitted in the new draft; therefore be it

"Resolved, That the senate of the state of California earnestly urges the president of the United States to withdraw said treaty from further consideration by the senate of the United States; and be it further

"Resolved, That we appeal to the senate of the United States to withhold and refuse its assent to a compact fraught with so much danger to our citizens, to our industrial development and to our civilization."

Treaty Ordered Favorably Reported.

Washington, Feb. 23.—The new Japanese treaty, which was sent to the senate for the purpose of superseding that of 1894, in relation of trade and commerce, was ordered favorably reported from the committee on foreign relations.

Secretary of State Knox explained the provisions of the treaty and answered many questions to satisfy the members of the committee that the proposed change affecting immigration would not let down the bars to unrestricted immigration of coolie labor.

TAFT SAYS HE IS IN EARNEST

Denies That Extra Session Threat Is Not Meant Seriously.

Washington, Feb. 23.—President Taft denied emphatically to call the attention that he was not serious in his intention to call an extra session of congress to pass the reciprocity agreement.

Senator Root, one of the White House callers, declared that it was impossible to tell whether the senate would be able to reach a vote or not. He thought it doubtful if a vote would be reached.

The suggestion having been made that the Japanese treaty might be a sort of buffer movement, the president made it known that such conjecture should not be given serious consideration because there was no hurry about the adoption of the treaty and a special session of the senate could be called for this.

Dawson Not to Be Taft's Secretary.

Washington, Feb. 23.—Representative Albert F. Dawson, of Davenport, Ia., to whom was offered the post of secretary to the president, called on President Taft and told him that he did not care to be considered in connection with that office. Mr. Dawson is to become president of the First National bank, of Davenport, with a salary considerably larger than he gets in congress.

Sees Her First Snow.

Woodbury, N. J., Feb. 23.—Six-year-old Catherine Kugler, of San Antonio, Tex., has come to live with the family of former Congressman V. E. Kugler. The little miss never saw snow before until she reached this section, and thought it would make a nice icing for cake.

House Passes Appropriation Bills.

Washington, Feb. 23.—Three appropriation bills, authorizing expenditures in excess of \$142,000,000, were passed in 1½ time by the house of representatives. The measures were the naval bill, the diplomatic bill and the fortifications bill.

Jefferson Davis Monument Unveiled.

New Orleans, Feb. 23.—New Orleans unveiled a monument to Jefferson Davis in the boulevard recently named for him. A shaft of granite supports a bronze figure of the president of the Confederacy.

Governor Issues Death Warrants.

Harrisburg, Pa., Feb. 23.—Governor Tener directed the issuance of the following death warrants: Bert Delige, Centre county, April 25, and Joseph Christock, alias Frank Mitchell, Schuylkill county, March 30.

Nature's Hair Restorer

One Great Reason Why

This Great Hair Beautifier and Color Restorer Produces Such Remarkable Results

Sulphur is a Natural Element of the Hair

When there is not a sufficient amount of sulphur in the hair, it loses its life, color and strength, turns gray, and falls out. There are many forms of sulphur, but only one kind that is suitable for treatment of the hair and scalp, and that is the kind used in preparing WYETH'S SAGE AND SULPHUR HAIR REMEDY.

We Have the Secret, and We Give You the Benefit of

It at an Exceedingly Low Price

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair, and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

FIGHT OVER HUNTING LICENSE

A red-hot fight is planned to take place in the House Game Committee next Tuesday night, when a hearing will be held on the Walton bill to license hunters. The hunters of the state are apparently divided into two camps and the measure is being attacked and defended with a virulence which has not been known in several sessions. Mail bags are loaded down with protests and petitions and a post-card shower is on.

Dr. Joseph Kalbfus, secretary of the State Game Commission strongly favors the bill presented by Mr. Herman, of Berks, which makes the open season for hare, rabbit, black, grey or fox squirrels, English, Mongolian or Chinese pheasants, ruffed grouse and partridge from November 1 to December 1. There are different seasons for this game and the making of a uniform time is highly favored.

50 YEARS OF ACTIVE WORK

Rev. Dr. Russell H. Conwell, pastor of Grace Baptist church, Philadelphia, and President of Temple College, celebrated the fiftieth anniversary of his public work Wednesday evening.

On this occasion he delivered his famous lecture, "Acres of Diamonds," in the Baptist Temple, at Broad and Berks streets, that city. This lecture has been delivered about 4,000 times by Dr. Conwell, and he knows of many men who have been made rich by profiting by the advice and suggestions it contains.

Dr. Conwell is well known to many in Gettysburg as he has delivered the lecture, "Acres of Diamonds," in this place, on several occasions. His last visit was several years ago, at the time of the teachers' institute.

MUSICAL GEORGETTES

One cannot afford to miss hearing The Swiss Bell Ringers at the Walter's Theatre on Feb. 25. It promises to be the best musical company ever seen in this city. The features are: Miss Josephine, the child violinist and saxophonist, who also plays upon seven different instruments. A refined high class entertainment. Elinor Georgette, as a harpist shows herself master of an instrument that needs a master's touch to bring out all its melody. Mr. Georgette as a cellist has few equals. But his mandolin solos is well worth the price of admission. The Georgettes who have covered the lyceum circuit will appear at Walter's Theatre one day only.

THE ARRIVAL OF KITTY

One of the choicest comedies with music that the American stage has seen in a number of years is "The Arrival of Kitty" which is to be presented at Walter's Theatre, Wednesday, March 1. Everywhere this delightful comedy has been presented this season it has been greeted by a large and enthusiastic audience and every manager whose theatre it has played has sought an early return date. This is the best guarantee of its excellent entertaining qualities and the play holds the record as a drawing card. It will be given here by the same excellent cast of metropolitan favorites that have presented the play in other large cities.

ISSUED MARRIAGE LICENSE

A marriage license was issued in Baltimore on Monday to Emory J. Noel and Miss Nettie A. Heitzel, both of New Oxford.

GROWING CHILDREN

Play hard and work hard at school, and rapid growth uses up an enormous amount of energy and vitality that needs replacing.

This accounts for the many delicate, sickly and ailing children we see on our streets.

We wish the mother of every such child would come to our store for a bottle of Vinol, as it is a delicious cod liver and iron tonic which children love to take, and it is easily assimilated.

A grateful mother in Durand, Mich., says her little girl was weak, pale and had no appetite. She gave her Vinol and she began to thrive at once—and she gained rapidly in weight, color and strength. (Name furnished on request.)

Vinol builds up good healthy flesh and muscle tissue and makes thin little limbs round and plump.

Try a bottle of Vinol with the understanding that if it does not benefit your child your money will be returned. People's Drug Store, C. Wm. Beales, proprietor, Gettysburg, Pa.

THE date of the sale of C. Deardorff, Agt., Butler township, has been changed from March 14 to March 7.

Mi-o-na

Drives Distress from Upset Stomachs in Five Minutes

Mi-O-NA stomach tablets not only cure indigestion, build up the entire system and make the weak and frail strong and vigorous. They are guaranteed to do so by the People's Drug Store.

They cause the glow of health to appear in the cheeks and make the eyes bright and sparkling. They chase out bad blood and cause pimples and sallowness to disappear.

Mi-O-NA stomach tablets are such wonderful stomach invigorators and upbuilders that they are sold under an agreement to return your money if they do not cure indigestion or any other trouble arising from an upset stomach such as biliousness, dizziness, sick headache, loss of appetite, fermentation, nervousness, sleeplessness, nightmare, etc.

And only 50 cents a large box at the Peoples drug store and druggists everywhere.

Stomach trouble had bothered me a long time, and though I doctored and ordered several remedies there was no cure given me until I used Mi-O-NA.

"I used to feel bloodless and depressed but Mi-O-NA built up my health and made me strong."—Mrs. J. Newton, Bellevue, Mich.
